HEARTY BREAKFAST AFTER X-RAY EXAMINATION

Will Be Removed to Oyster Bay as Soon as Condition Will Permit—Will Make No More Speeches During the Campaign—Would-be Assassin Captured by Member of Colonel's Party—Says McKin- ley in Dream Prompted His Act.

Milwaukee, Oct. 15.—The would-be assassin of Theodore Roosevelt was held in \$7,500 bail today on a charge of assault with intent to kill. There was no disorder in the court room, the prisoner being safely behind the bars before the crowd seemed to realize what had happened.

Judge Nelson ordered a chemical examination of the remaining bullets in the revolver, fearing that they might have contained poison.

Chicago, Oct. 15.—Colonel Theodore Roosevelt lies today in the Mercy hospital, resting easily, after being the victim of a murderous attack by an insane New Yorker. Half a dozen of the most noted and skilled surgeons in Chicago, led by Dr. John B. Murphy, made X-ray examination of the Colonel's wound, and announced that the bullet did not pierce the lungs, but had lodged in the chest. They did not plan to operate this morning.

The official statement of the surgeons, issued at 10:30 o'clock, said, "Colonel Roosevelt's hurt is a deep bullet wound of the chest wall, without striking any vital organs in transit. The wound was not probed. The point of entrance was to the right and one inch below the level of the right nipple. The range of the bullet was upward and a distance of four inches from the chest wall. There was no evidence of the bullet's penetrating the lungs. Pulse, 90; temperature, 99.2; respiration, 20; Leucocyte count, 82, at ten o'clock.

"No operation to remove the bullet is indicated at the present time. The Colonel's condition is hopeful, but the wound is so important as to demand absolute rest for a number of days."

The statement is signed by Dr. John B. Murphy, Dr. Arthur B. Bevan, Dr. Scoury L. Terrell and Dr. R. J. Saylor.

It was planned at first to allow the Colonel to rest in his special car from Milwaukee at 6:30 a. m. The in the railroad yards, but Dr. Murphy vetoed this plan and he was hurried to the hospital, arriving here at 10:30 o'clock.

A large portion of the homes of Newark were acquainted with the fact of the assault upon Colonel Roosevelt within an hour after it occurred, thanks to the enterprise of the Advocate.

When the Associated Press bulletins began to arrive, the Advocate's staff began telephoning the news to local theatres and club rooms, and posted bulletins in the Advocate windows every half hour, giving latest reports from Milwaukee. This enterprise was appreciated by the people of Newark, hundreds of whom read the bulletins during the evening. At half past twelve this morning, there were thirty men gathered in front of the Advocate's office, waiting for further news of Colonel Roosevelt's condition. There was no other place in town where they could get reliable information.

In this connection, it would be well to remember that the reliable news of the country is always promptly handled by the Associated Press, of which the Advocate is a member, and the bulletin service maintained last night is an excellent demonstration of its superiority over all other news associations.

For the first time, it is believed, in the history of the advancement of revival methods in the United States, an evangelist will have the active support of the Episcopal clergy, when Dr. M. H. Lyon goes from Newark to carry on a revival campaign in Parkersburg, W. Va., next month.

The Parkersburg campaign is to last six weeks, from November 10th to December 22nd, after which the Lyon party will enjoy a brief Christmas vacation. The Episcopal church has never joined in revival campaigns, although they have not flagrantly depreciated the good that has been accomplished. Their inactivity, however, is being done away with by the very force of Dr. Lyon's message, that of the "Lordship of Jesus," the placing of

SAYS MCKINLEY'S SPIRIT TOLD HIM TO KILL T. R.

Milwaukee, Oct. 15.—A written proclamation found in the clothing of the man who last night shot Colonel Roosevelt, reads:

September 15, 1901, 1:30 a. m. In a dream I saw President McKinley sit up in a monk's attire, in whom I recognized Theodore Roosevelt. The president said: "This is my murderer; avenge my death."

September 12, 1912, 1:30 a. m., while writing a poem, some one tapped me on the shoulder and said: "Let not a murderer take the presidential chair; avenge my death."

I could plainly see Mr. McKinley's features. Before the almighty God, I swear this above writing is nothing but the truth.

Another note found in the man's pocket reads:

So long as Japan could rise to the greatest power in the world, despite her surviving a tradition more than 2000 years old, as General Nogi so nobly demonstrated, it is the duty of the United States of America to uphold the third term tradition. Let every third term be regarded as a traitor to the American cause. Let it be the right and duty of every citizen to forcibly remove a third-term president. Never let a third-term party emblem appear on the official ballot.

I am willing to die for my country. God has called me to be his instrument, so help me God.

of papers were the chief evidence on the train that any one had been wounded.

The Colonel slept during the trip from Milwaukee to Chicago. His refusal to cancel his speaking engagement, his delivery of an hour and a half address, and his walk to any from his motor car in Milwaukee, all the time with a bullet in his right breast, were regarded by his physicians as imprudent in the extreme, but the Colonel insisted on having his own way.

Martin the Real Hero.
The hero of the attempted assassination of Colonel Roosevelt, the man who is given the credit for having prevented Schenk from firing a second shot, for which his finger was straining at the trigger when he was

overpowered, is Elbert E. Martin, the Colonel's stenographer. All through the present tour, Martin has been always at the Colonel's elbow, pushing intrusive persons away.

More than once Colonel Roosevelt has reproved him for being too rough. In Saginaw, Mich., when Martin threw himself against a man who was pushing him forward and shoved him into the gutter, he was rebuked by Col. Roosevelt. Martin declared that the man at Saginaw and Schenk are the same.

Last night in Milwaukee Martin was at the Colonel's elbow and Henry F. Cochems was on the other side. "You get into the car first," said Cochems to Martin, as it is customary for the Colonel to take the middle seat. "No, you get in first," re-

EVANGELIST LYON TO OPEN PARKERSBURG CAMPAIGN NOV. 10

For the first time, it is believed, in the history of the advancement of revival methods in the United States, an evangelist will have the active support of the Episcopal clergy, when Dr. M. H. Lyon goes from Newark to carry on a revival campaign in Parkersburg, W. Va., next month.

The Parkersburg campaign is to last six weeks, from November 10th to December 22nd, after which the Lyon party will enjoy a brief Christmas vacation. The Episcopal church has never joined in revival campaigns, although they have not flagrantly depreciated the good that has been accomplished. Their inactivity, however, is being done away with by the very force of Dr. Lyon's message, that of the "Lordship of Jesus," the placing of

the Master above all else in the lives of men. Dr. Lyon believes that it is this great message that will eventually bring the entire world together, Jews, Protestants, Catholics, Mohammedans and infidels, bowing the knee in homage to the saving power of Christ, the King.

The news from Parkersburg that the meetings are being enthusiastically looked forward to is very cheering to Dr. Lyon and his party. The Episcopal clergy has been accorded splendid representation on the various committees, Bishop G. W. Peterkin of the diocese of West Virginia and one of the greatest preachers in the state, and Rev. A. B. Mitchell, rector of the Good Shepherd Episcopal church, proving diligent members of the executive council.

NOT A MERE FLESH WOUND

(Bulletin.)
Chicago, Oct. 15.—The following bulletin was issued at the Mercy hospital at 1 o'clock:

"Examination of Colonel Roosevelt at 1 o'clock shows that his temperature was 98.8, his pulse 92, his respiration normal, although it pains him to breathe. He must have absolute quiet, must cease from talking and must not see anyone until we give permission. This is not a mere flesh wound, but is a serious wound in the chest, and quietude is essential.

DR. ARTHUR B. BEVAN,
DR. J. B. MURPHY,
DR. S. L. TERRELL.

An hour after the examination, Colonel Roosevelt dropped into a peaceful sleep, which his physicians said would aid wonderfully in improving his condition.

GOV. WILSON'S MESSAGE.

Trenton, Oct. 15.—Governor Woodrow Wilson today sent the following telegram to Colonel Roosevelt:

"Please accept my warmest sympathy and heartiest congratulations that your wound is not serious."

ROOSEVELT SENDS MESSAGE TO WIFE.

New York, Oct. 15.—Shortly after midnight Mrs. Roosevelt received a telegram, which had evidently been dictated by her husband, assuring her that he is in no danger and making light of the attempt on his life.

I am now in the American Hospital. The bullet did not hit anything vital and I think they will find it somewhere around. It is no more serious than the injury the boys received. My voice is holding out well and I will go on with the trip. Don't worry. Love to all.

plied Martin. The politeness gave him an opportunity to engrave his name on the roll of fame, for Cochems was out of reach when the shot was fired, and Martin was right at hand.

The special car, the Mayflower, in which the Colonel has been traveling, and the Sunbeam, the correspondents' car, which has been running with Colonel Roosevelt's car, were released by the Colonel's managers this morning.

GREAT VICTORY OVER THE TURKS

Heidelberg, Germany, Oct. 15.—A great Montenegrin victory over the Turkish troops was announced today by Prince Peter of Montenegro in a telegram to his former tutor here. The dispatch said:

It was signed at 2:53 o'clock this morning.

Batteries—Tesreau and Meyers, Wilson. Wood, Hall and Cady. Umpires—Klem, O'Loughlin, Evans and Rigler.

Boston, Oct. 15. — All roads led today to Fenway Park, where the Boston American League pennant winners were to battle with the New York Nationals in what the thirty or forty thousand spectators present fondly believed would be a victory that would bring the title of the "World's Champions of 1912" to the Red Sox. The Giants need two games to win the high honor, while the Red Sox have to capture but one more to end the series in their favor.

First Inning.
First half—Devore was safe on an infield hit. Doyle singled to center and Devore was held at second. Devore and Doyle worked a double steal. Devore and Doyle scored on Snodgrass' double. Murray sacrificed. Snodgrass went to third and scored on a single by Merkle, who took second on the throw in to catch Snodgrass. Wood took Herzog's grounder and threw to Wagner, who then tossed to Gardner, who touched Merkle. Herzog took second on the play, whence he scored on Meyer's single to left. Fletcher singled to right, Meyers taking third when Gardner dropped Hooper's throw. Fletcher went to second on the play. Meyers scored on an infield hit by Tesreau. Fletcher scored on a delayed steal. Tesreau out going to second after Fletcher scored. Cady to Yerkes to Stahl to Wagner. Six runs, seven hits, one error.

Second half—Hooper struck out. Yerkes walked. Speaker flew out to Merkle. Lewis out Herzog to Merkle. No runs, no hits, no errors.

Second Inning.
First half—Hall went into the box for Boston. Devore walked. Devore stole second. Doyle walked. Devore was caught off second. Snodgrass singled to right. Doyle taking second. Doyle scored when Hall threw wildly to catch him napping at second. The ball went into center field. Snodgrass took third. Murray flew out to Wagner. Merkle out, Wagner to Stahl. One run, one hit, one error.

Second half—Gardner knocked a home run to center field. Stahl fouled to Meyers. Fletcher threw out Wagner after Tesreau had knocked down the ball. Cady struck out. One run, one hit, no errors.

Third Inning.
First half—Herzog singled to center. Meyers singled to left. Herzog was forced at third when Hall took Fletcher's grounder and threw to Gardner. Tesreau was thrown out.

Second half—Merkle out, Cady to Stahl. Herzog struck out. Meyers singled to left. Meyers was out at second when Wagner took Fletcher's grounder and tossed to Yerkes. No runs, one hit, no errors.

Second half—Hall sent up a high fly between Doyle and Snodgrass and the ball fell safe. Hall took (Continued on Page 2, Col. 4.)

SIGNATURES IDENTIFIED

Indianapolis, Oct. 15. — Signatures were identified by various witnesses at the dynamite conspiracy trial today that showed the movements of 65 defendants during the six years in which explosions occurred.

The signature of Michael J. Young of Boston, was identified by Frank P. Palmer, an employee of a Boston trust company. The witness said that Young kept an account as treasurer of the building trades department of the American Federation of Labor.

Through this identification, it will be shown that Young wrote to J. J. McNamara and other officials of the iron workers' union, concerning the employment of Orrie E. McManigal to "do jobs near Boston."

QUESTION OF POSTOFFICE SITE IN NEWARK NOT YET SETTLED

Hon. Sherman Allen, assistant secretary of the treasury, writes to the Advocate in reply to an inquiry from this newspaper as follows:

"Referring to your letter of October 5th, relative to the new public building to be erected in your city, you are advised that some time since, the Department accepted a proposal of Mr. Daniel T. McCarthy of Philadelphia, Pa., for the work; but, as it was necessary to consider some ques-

tions in connection with the site, he was requested to hold up the contract. On October 11th, the Department, being desirous of looking further into the question of the site for the building, revoked its acceptance of Mr. McCarthy's proposal."

Does this mean that the Sherwood site is to be abandoned?

Now that the McCarthy contract has been revoked it is probable that new bids will be asked as soon as the question of site is definitely settled.

GIRLS! GIRLS! SURELY TRY THIS! **DOUBLES BEAUTY OF YOUR HAIR** All you need is a 25 cent bottle of "Danderine" — Hair gets lustrous, fluffy and abundant at once. Immediate? — Yes! Certain? — Yes! Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil and in just a few moments you will have doubled the beauty of your hair. A delightful surprise awaits, particularly those who have been careless, whose hair has been neglected or scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use of Danderine when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft, hair, and lots of it, surely get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it.

BANQUET TENDERED TO **REV. J. A. BENNETT BY** **NEWARK BUSINESS MEN**

No greater tribute has ever been paid a citizen of Newark than that accorded the Rev. J. A. Bennett, pastor of the Fifth Street Baptist church, by more than a score of Newark's prominent business men, at a splendid banquet at the Warden Hotel Monday night. Realizing the splendid qualities of the Baptist minister, who has maintained an appreciation of the needs of humanity in his manly, individual way, these friends bespoken great regret that he is leaving Newark to take up church activities as the pastor of a large church at Silerstown, Pa. All united in the expressions of good will towards Dr. Bennett, and told in a splendid manner of the great good that has resulted from his peerless ideals of citizenship, a citizenship that is probably best described in the telegram that came from Mr. W. W. Morgan, from Canton, Ohio, during the progress of the banquet. The message was received by Mr. W. H. Mazer and said:

"Regrets to Dr. Bennett. Would be pleased to have participated in honor to such a broad minded, public spirited, Christian man. Newark has been elevated morally and spiritually by his works. I wish him Godspeed."

The work of Dr. Bennett during his seven years residence in Newark has been of a type that could only call for the sincere commendation of everyone interested in the advancement of Newark's interests. His activities in connection with the securing of the \$50,000 hospital fund, his splendid work for the Board of Trade, his efforts with the boys of Newark, rewarded by attendances at his lectures to boys of over 900 of the youth of the city, and his sterling friendship for men in all walks of life were recounted during the evening by those who have been closely identified with him in his advocacy of a "greater and better Newark."

Mr. C. H. Spencer, as toastmaster, called upon a number of leading citizens for brief expressions of appreciation, and the following responded:

Wm. H. Smith, "Bennett's Banquet," F. L. Beggs, "Bennett and Business," Carl Norpell, "Bennett a Booster," Wilson Hawkins, "Bennett's Boys," T. B. Fulton, "Best to Bennett."

Following additional brief remarks by Messrs. E. C. Norris, J. M. Ankele, W. H. Mazer and H. P. Scott, Dr. Bennett was very pleasantly surprised by the gift from the friends present of a handsome gold ring, bearing an inscription "Genesis 31:49. 'And Mizpah for he said, The Lord watch between me and thee when we are absent one from another.' and the words, 'Newark, Ohio, October 14th, 1912.' The presentation was made by Mr. Spencer, and Dr. Bennett responded in his masterly manner, expressing his personal appreciation of

the friendship of Newark's best citizens and assuring them that they would ever remain in the golden circle of his eternal regard.

Those present at the banquet were Messrs. William L. Prout, Charles C. Metz, W. H. Mazer, R. W. Smith, John Ankele, Carl Norpell, Dr. W. H. Knauss, Fred C. Evans, E. C. Norris, Dr. J. A. Mitchell, A. H. Rickert, E. M. Baughner, W. F. Alward, T. B. Fulton, Wilson Hawkins, George B. Sprague, H. P. Scott, W. H. Smith, Edward Kibler, Sr., C. H. Spencer, C. L. V. Holtz, F. S. Neighbor, W. C. Wells, J. F. Irwin, W. S. Weiant and F. L. Beggs.

near the Bowers. When he left home a month ago he gave no papers or indication of his intended movements. He told his landlord that he was going west to visit an uncle. A few days later the landlord received a postcard from Schenck in South Carolina, but it bore no message. That was the last time he was heard of until last night.

MRS. ROOSEVELT COMING.

New York, Oct. 15.—Mrs. Theodore Roosevelt, accompanied by her son, Theodore Roosevelt Jr., will leave New York for Chicago on the Twentieth Century Limited, at 2:30 o'clock this afternoon.

PRESIDENT TAFT'S SYMPATHY.

New York, Oct. 15.—President Taft this morning sent the following message to Colonel Roosevelt:

"I am greatly shocked to hear of the outrageous and deplorable assault made upon you, and I earnestly hope and pray that your recovery may be speedy and without suffering."

W. H. TAFT.

Chicago, Oct. 15.—Dr. Murphy has informed the Associated Press that Colonel Roosevelt will be confined to the hospital for at least ten days. The staff physician at Mercy Hospital says the bullet lodged against the fourth rib on the colonel's right side and did not enter the lung.

X-ray plates show the bullet not to have taken a serious course, unless the last series of plates show it to have entered the thoracic cavity. The wound is in the right breast, an inch above the nipple. The course of the bullet appears downward, toward the breast bone.

The colonel ordered a breakfast of tea, bacon, eggs and toast, saying he was hungry. At 9 o'clock the colonel was stronger, seemed bright and suffered little pain.

"I expect his fine physical condition to bring him through," said Dr. Terrell.

Announcement was made by Colonel Roosevelt's secretaries that the colonel would make no more speeches during the campaign unless unforeseen circumstances arise. Physicians assert that it is possible that no operation will be performed.

The colonel will be removed to his home at Orster Bay as soon as his condition will permit.

BULLET IN SAFE PLACE.

Chicago, Oct. 15.—An X-ray examination this morning located the bullet deep in the tissues of Colonel Roosevelt's breast, but apparently a safe distance from the lungs. A telegram was immediately sent to Mrs. Roosevelt which said: "The examination shows no further danger besides that of which you were informed from Milwaukee. Respiration good, pulse normal. The bullet is in a safe place. No blood expectorated."

The colonel walked into the X-ray room of the hospital unassisted.

Milwaukee, Oct. 15.—The positive statement that Colonel Roosevelt was not injured seriously was made by Dr. Frederick A. Stratton of Milwaukee, one of the physicians who examined the colonel. Dr. Stratton said that there was no cause for alarm as to the colonel's condition.

"The wound was a superficial one," said Dr. Stratton. "The bullet

Governor Wilson—It is with the greatest distress that I hear of this, but I rejoice that Colonel Roosevelt has apparently escaped serious injury.

"You may say Colonel Roosevelt is not in a dangerous condition. There is no truth in the statement that the bullet penetrated the abdominal wall.

"If the bullet had reached his lungs it would have been evident; and he would have had coughing spells."

Racine, Wis., Oct. 15.—Colonel Roosevelt was dozing in his bed half an hour after the train left Milwaukee. The colonel had walked to the train from the motor car that had brought him to the station and admitted that he was somewhat tired. "A mere trifle, a mere trifle," was (Continued on Page 11—Col. 3.)

O'TOOLE DIDN'T PITCH; SMALL CROWD IS SORE

Pittsburg Team Wins Easy Victory But Not Much Money at Zanesville Monday.

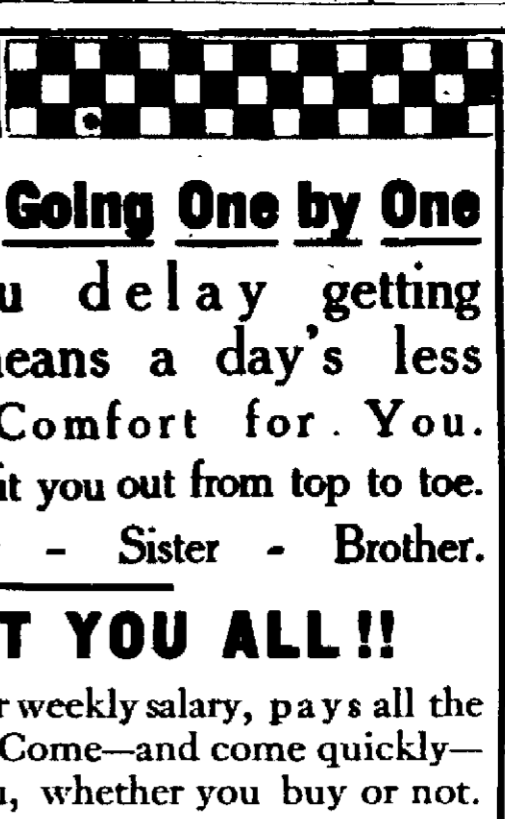

Zanesville, Oct. 15.—The Pittsburg barnstormers met a picked team of Central League players here yesterday afternoon and won an easy game. In fact, the visitors threatened to make the score one-sided and the game so uninteresting that Cooper, the Pittsburg pitcher, whose home is in McConnellsville, pitched for the home team after the third inning. The weather was raw and cold and the game was witnessed by but a small crowd, all of whom were disappointed because Marty O'Toole did not pitch. Score:

GETS-IT WILL 'Get' Every Corn You've Got! At last, a real does-what-it-says corn cure. Nothing like it has ever before been known. Every man and woman who has corns, callouses, warts or bunions, ought to try "Gets-It" at once and see how marvellously it works. Quit shaving your corn with a razor. You may draw blood and cause blood poisoning. "GETS-IT" is remarkable because it never irritates or turns the true flesh sore or raw. It can't. It is as safe as water. Stockings won't stick to it. Corn pains stop. The corn or callous shrivels up, comes out, bleeds relief. "GETS-IT" is sold at druggists at 25 cents a bottle, or sent on receipt of price to E. Lawrence & Co., Chicago. Sold in Newark by W. A. Erman.

STATE EXAMINER MAKES REPORT OF HIS FINDINGS

The Auditor of State has forwarded to the various county officers copies of the reports of the findings of State Examiner D. F. Walters. It will be remembered that the examiner recently spent several months in this city examining the records in the several county offices.

A summary of the findings in each office, together with various recommendations for the betterment of the systems in use, is furnished to each officer. The complete report of the work of the examiner in the Licking county offices is an exhaustive inquiry into all departments and is comprised in a bulky document of several hundred typewritten pages.

In reference to the office of Ed. M. Larson, clerk of courts, he says: "All moneys collected by the clerk of courts in civil and criminal cases as shown by the several carefully receipted dockets, with three or four exceptions, as hereinafter set forth, were properly accounted for on the cash book, and all moneys due the county and that due the clerk's fee fund were paid into the county treasury as provided by the statutes."

The exceptions noted were minor clerical errors, easily remedied.

The report of the findings in the office of Sheriff Frank Slabaugh says: "All fees drawn from the probate court, the court of common pleas and the county, were found to be properly accounted for on the cash book and paid to the county treasury as provided by statute. The fees of the sheriff in penitentiary and reformatory cases paid by the state were checked and found to be correct. All moneys received by the sheriff in his official capacity, as shown by the records in the office of the clerk of courts and the probate court, were properly accounted for on his cash book and distributed therefrom."

Of the office of Recorder J. M. Farmer the examiner says: "So far as could be ascertained by the records, the earnings of the office were properly accounted for on the fee record, and paid into the county treasury each quarter as provided by statutes. The fee record was checked and the same found to be correctly footed."

Of the office of County Treasurer J. W. Rutledge, Examiner Walters says: "All fees that were earned and collected were properly accounted for in the fee fund with the exception of the fees earned under the provisions of Section 2656, General Code, which, so far as the records show, were paid into the undivided general tax fund."

In the section devoted to the office of County Auditor C. L. Riley, the statement is made: "The record of fees earned and collected is not complete, but an investigation shows that all fees earned and collected except in one instance, were properly accounted for in the fee fund."

The examiner adds a balance of \$524.39 due Ex-Auditor J. N. Wright.

In his comments on the office of Probate Judge Robbins Hunter, the examiner says: "All fees drawn by the probate judge from the county in lunacy, epilepsy, juvenile and criminal cases, were found to have been returned to the county treasury to the credit of his fee fund."

Concerning the office of County Surveyor Fred Cully, the report reads: "The county surveyor has made an effort to keep the record of all estimates and summaries of bids received and contracts of various improvements, together with the records of all estimates made for payments on the work, as provided for in Section 2793 G. C.; however, there was a great number of contracts entered into by the county commissioners that were not brought to the attention of the surveyor, and consequently not recorded by him." The examiner counsels co-operation in this on the part of the commissioners.

RULINGS OF THE SUPREME COURT

Columbus, Oct. 15.—The ruling of Secretary of State Graves, providing that the offices of common pleas judge be designated on the ballot to show whether candidates are seeking the statutory or constitutional offices, was upheld by the Supreme court today.

Anderson L. Smedley of Hamilton, brought mandamus against Secretary Graves following Graves' ruling in an effort to have the ruling eliminated.

The writ was refused by the court. The case of the Guernsey Coal and Mining company vs. William M. Wheeler of Noble county, was affirmed by the court.

A MEASURE OF MERIT.

Newark Citizens Should Weigh Well This Evidence.

Proof of merit lies in the evidence. Convincing evidence in Newark is not the testimony of strangers, but the endorsement of Newark people.

That's the kind of proof given here—

The statement of a Newark citizen, Samuel Brown, carpenter, 213 N. Thirteenth street, Newark, O., says: "I have found Doan's Kidney Pills to do a splendid work. My kidneys were out of order and I had pains in my back. Seeing Doan's Kidney Pills advertised, I went to A. F. Crayton & Co.'s drug store and got some. They stopped the pain and corrected the kidney action."

For sale by all dealers. Price 50 cents. Foster-McIlburn Co., Buffalo, New York, sole agents for the United States.

THE ATTEMPT ON COL. ROOSEVELT'S LIFE

Like a cry of murder the news of Theodore Roosevelt's attempted assassination swept over Newark last night. Everywhere deep regret and sincere sympathy were expressed and unanimous was the hope that the reports from Milwaukee were exaggerated.

No matter what one may think of Colonel Roosevelt's political tendencies, no matter how vigorously one may oppose his candidacy, all must recognize in Theodore Roosevelt a most remarkable man, fearless, able, versatile—a scholar and a statesman. Colonel Roosevelt has a wonderful hold upon the affections of the American people and the sympathetic anxiety that is now manifested throughout the country is genuine. It comes from the heart.

The news of the assassin's pistol shot was brought to Newark by an Associated Press dispatch to the Advocate. Immediately this newspaper sent the message to the Auditorium, the Orpheum, the principal hotels and clubs and from nine o'clock until midnight crowds stood in front of Advocate bulletins while hundreds inquired by telephone for the details of the shocking news.

Lincoln fell at the hands of Booth, Garfield was stricken by Guiteau's bullet, McKinley succumbed to the assassin Czolgosz, but let us all offer the prayer that Theodore Roosevelt may be spared from the assassin.

The Advocate hopes that the colonel's ambition to again sit in the presidential chair will not be fulfilled but this newspaper joins with all America in hoping that the ex-president will live to enjoy many years of happiness and prosperity.

States' rights with respect to Trusts mean the rights of the States to oust them. This is why Taft, Roosevelt, et al., want Federal regularization and authorization of predatory combines.

A REMARKABLE SCENE

At the great Democratic meeting at Kansas City a few days since a tremendous scene occurred when Speaker Champ Clark introduced Governor Woodrow Wilson to the 20,000 audience.

"Without further ado," Mr. Clark said: "I will present to you the twenty-seventh president of the United States."

The speaker then clasped the governor by the right hand and led him to the front of the platform. This was the signal for the remarkable demonstration which followed, lasting over 20 minutes, and marked one of the most impressive scenes that ever occurred at a political gathering.

NEWS VALUE OF

THE STRAW VOTES

The Taft newspapers are making desperate efforts to discredit the Presidential straw votes and forecasts of the great independent newspapers. The syndicate engaged in the work of forecasting the Presidential election is composed of the greatest newspapers from Boston to California, and all are absolutely independent. Their great purpose is to be fair to the public. Not one of them is influenced by political or personal reasons for the election of any candidate. The voter who casts the straw vote puts his ballot into a sealed envelope and the ballot is strictly a secret one. The public have full opportunity to judge of the fairness of the newspapers' methods in obtaining the votes because every location from whence the ballots are obtained is conspicuously published for the reader's inspection.

The public not only has opportunity to judge of the fairness of the newspapers, but the public is fully capable of exercising the necessary judgment to determine the value of the reports and forecasts.

Does anybody suppose that the Taft newspapers would not be publishing the same kind of reports if they could make a showing of any sort in Taft's favor?

The real trouble with Taft and his supporters is that the President is a bad third in the race.

In the language of the famous Bob Ingersoll, if this political tidal wave keeps up its present gait "scattering votes will beat" President Taft.

Judge Robbins Hunter.

One of the most important offices that the people of Licking county have the power to bestow is that for which Robbins Hunter, of this city, is a candidate for re-election. This office carries with it duties that demand an intensive knowledge of human nature, particularly because it requires the adjudication of juvenile affairs, and the creation of better

JUDGE ROBBINS HUNTER

prospective citizenry. It is an office that regulates for the future, rather than for the passing moment, an office that requires a man of sound judgment, business ability and proper perspective of legal situations.

To those who know him, Judge Robbins Hunter fulfills all these requirements. His activities in the office during his present term have been very aggressive. He has raised the office to one that commands the respect of the people who elected him, and there is little doubt that Democrats and Republicans will unite in their effort to return him to the probate bench.

As a citizen of Newark, Judge Hunter's reputation needs no comment; as a political force, he has proven the justice of his claim for recognition, and will continue to serve the people in a conscientious manner as long as his veins carry the splendid inspiration of his possibilities and duties as a reliable American citizen and Democrat.

Hon. T. B. Fulton.

A man who has the undivided support of all who are intimately acquainted with him, and who has been accorded the highest respect of the local bar association, is the Hon. T. B. Fulton, Democratic candidate for judge of the Common Pleas Court, and who, just by way of further reference, has the election nearly tucked away in his vest pocket.

There are few in this vicinity who do not know Mr. Fulton personally. He was born in Homer, grew up in the northern part of the county, where a lot of other good men have claimed nativity. We're not telling just how long ago this all happened.

but it was sufficiently long to have enabled the aggressive candidate to study at Denison University until forced to resign from the school because of an injury. He then entered the law office of General George W. Morgan at Mt. Vernon and there studied law under the tutelage of that well known practitioner. His admission to the bar was the corner stone of over thirty years of active practice, during which time he has merited the highest approval of his clients and fellow attorneys. In political life Mr. Fulton has been a familiar figure. As a member of the city council and city solicitor for several terms he demonstrated his broadness in public affairs and maintained a reputation for honest dealing that is not surpassed by even the faintest suggestion. His home life, also singularly exemplary, is typified by the serene family affection he shows—a man that loves his children and his home, and who is worthy of the judicial preferment he seeks.

Properly has his duties as well as his right.—Thomas Drummond.

THE HUMAN PROCESSION

By O. Terrence.

"Jersey Lily," Smart and Sixty, Would Make Men Wear Smart Colors.

Lily Langtry, otherwise Lady de Bath, otherwise "the Jersey Lily," who recently arrived in America, after an absence of six years, is sixty years old today. Mrs. Langtry remains young in spirit and appearance, and as beautiful as in the days when she was the reigning queen of English society and the close personal friend of the Prince of Wales, later King Edward. Her principal purpose in visiting America is to accumulate American dollars by appearing in a vaudeville sketch which is a satire on the suffragettes of England. Lady de Bath is a firm believer in votes for women, but is opposed to the tactics of the English crusade, which she asserts have been "an immense hindrance to the cause."

But the "Jersey Lily" has another object in view, and that is to spread the propaganda of a society of which she is the founder, and which has for its object "making men wear picturesque and cheerful clothing." This will be a much better world to live in, Lady de Bath thinks, when the masculine portion of the human race wears a little sense and taste in the matter of clothing and discards the gloomy, somber and sober color schemes now in vogue. The "sport" she blossoms forth in lurid clothes, and necktie, yellow shoes and "vests" in which all the colors of the rainbow, and a few other shades, are mingled and merged, is more pleasing to the eyes of the "Jersey Lily" than the male person of more quiet and refined tastes.

If Mrs. Langtry is successful in her propaganda, and she certainly will be, the day is not far distant when the correct business suit of a man will consist of flowing trousers of bright yellow, a coat of brilliant purple, a red vest and green hat topped off with a blue plume. The wardrobe of black Mrs. Langtry would consist of a blue dress and a blue hat.

When Mrs. C. H. Dunkel, of 33 Linden street, Reading, Pa., was asked why she took Father John's Medicine for her cough, she replied, "It was recommended by my doctor." The same question was asked and a similar answer returned by the following: Mrs. A. E. Hixon, 30 Larkin street, Bangor, Me.; Henry F. Villet, 25 Crown street, Meriden, Conn.; Frank Poff, Hal-lam, Pa.; Miss Catherine Boyle, 45 Blackburn street, Fairhaven, Mass.; Charles L. Brown, Irving, Ill., as well as a great many others.

Physicians, hospitals and other institutions all over the world endorse the merits of Father John's Medicine because they know of its history and curative power.

It cures colds, coughs and throat and lung troubles in the natural way by driving the impurities out of the body and at the same time its pure food elements make flesh and strength for those who are weak and run down. Not a patent medicine but a doctor's prescription, free from alcohol and poisonous drugs in any form. Get a bottle today.

The road that leads to Sleepytown is causing much complaining, and folks who travel up and down forget their moral training. For when the weather's wet that road is like the swamp named Dis-mal, and horses, with their wagonload, sink in the depths of the mire. And motorists who go that way are thrown into a panic; their autos sink in liquid clay to beat the last Titanic. And when the weather's dry those tracks are ridged and rough and rutty, and travelers have broken backs or else are driven nutty. And in the streets of Sleepytown the citizens foregather, and say: "There's something keeps us down and handicaps us, rather! Why is our burg thus standing still, no prizes ever landing? The rival village, Rustleville, is growing and expanding!" The roads that lead to Rustleville are excellent, inviting; and over valley, bridge and hill the travelers go skimming; no broken axle-tree or tire brings forth a burst of swearing; no horses founder in the mire or swim for shore departing. And so to Rustleville they go, the crowds, with cheerful chatter; at Sleepytown, immersed in woe, they wonder what's the matter!

"IT WAS RECOMMENDED TO ME BY MY DOCTOR"

The Reason Why So Many People Take Father John's Medicine.

NEW DISCOVERY QUICKLY CURE KIDNEY AND BLADDER TROUBLES

Chronic Sufferers Find Relief After Few Doses Are Taken.

If you are bothered with backache—or rheumatism—have disagreeable, annoying bladder or urinary disorders to control, or suffer with any other of the many miseries that come from a weak kidney here is a guaranteed remedy you can depend upon, no matter what else may have failed to cure you.

It is a positive fact that the new discovery, Croxone, permanently overcomes such diseases. It is the most wonderful remedy ever made for ridding the system of uric acid. Pills, tablets, and other remedies at the best merely stimulate the kidneys, giving temporary relief. Croxone removes the cause and cures the troubles.

It soaks right in and cleans out the stopped up kidneys and makes them filter and sift out all the poisonous waste matter from the blood. It neutralizes and dissolves the uric acid that lodges in the joints and muscles, causing rheumatism; soothes and heals the delicate linings of the bladder; and puts the kidneys and urinary organs in a clean, strong, healthy condition.

More than a few doses of Croxone are seldom required to relieve even the obstinate long standing cases, while it cures the most severe forms of kidney, bladder trouble, and rheumatism in a surprisingly short time. You will find Croxone entirely different from all other remedies. There is nothing else on earth like it. It is so prepared that it is impossible to take it into the human system without results. An original package costs but a trifle at any first class drug store. All druggists are authorized to personally return the purchase price if Croxone fails to give the desired results the first time you use it.

SAVING MONEY AT HOME.
There's lots of wastefulness in soap. People usually argue that a cake of soap costs five cents and that's all there is to it. But it isn't. "Easy Task soap," for example, does twice the work of cheap, common rosin soaps, and costs the same. It does the work quicker, better and much more easily. Its saving quality only begin with its price, it saves clothes, fuel and health. Don't use uncertain soaps. Get Easy Task at your grocer's.

No Hesitancy at All.
As a matter of fact, a woman doesn't hesitate a minute between marrying for money or brains. She is always willing to furnish the brains.—Chicago News.

TWENTY YEARS

Makes a great difference in most women. They are troubled with "nerves"—they suffer from backache, headache, sleeplessness, a sensation of irritability or twitching, hot flashes, dizzy spells, or many other symptoms of female weakness. The local disorder and inflammation should be treated with Dr. Pierce's Lotion Tablets and the irregularity and weakness of the female system corrected and strengthened with Dr. Pierce's Favorite Prescription. The strain upon the young woman or the woman of middle age—upon the nerve and blood forming structures—may be too great for her strength. This is the time to take this restorative tonic and strength-giving service and regulator. For over forty years sold by druggists in composition and so good in curative effects on its outward wrapper. The use remedy which absolutely contains neither alcohol nor injurious or habit-forming drugs.

Following letter selected at random from a large number of similar ones and cited merely to illustrate these remarks:
"In the winter of 1909, I became greatly run down and irregular," writes Mrs. Henry Scott, of Swan Creek, Mich., Route 1, Box 45. "I slowly but surely grew worse, and at last, needed to apply to the doctor for help. The doctor said I had inflammation, enlargement and laceration. I was in bed eleven weeks and got no better. The doctor said I would have to have an operation, but to that I would not listen. My husband purchased two bottles of Dr. Pierce's Favorite Prescription. When I started to take this remedy I could not walk across the floor, but after I had taken three bottles I could feel myself gaining, so I dropped the doctor and took Dr. Pierce's Favorite Prescription. Only for it I think I would have been dead—I really believe it saved my life. I feel better now than I have for years."

Science Aided By Skill

Good dentistry is not learned in a day. It requires study, for it is a science; it requires skill—experience.

Our long experience in this community, our success in every kind of dental work is our best recommendation to those whose teeth are in need of attention.

We make our own vitalized air fresh daily; our instruments are sterilized every time used; Nothing in dentistry too difficult for us.

and their adaptability to current fashions

Corsets are quite as long as last season—a little lower in the bust perhaps, but there is a
subtle change in the waist curve at back, and in the straightness of the hip line that produces the
new figure and it is necessary that the corset is most carefully adjusted.

Appointments May Be Made

SOCIETY

One of the most pleasant events of
this city occurred last evening at the
home of Rev. and Mrs. Holcombe,
pastor of the West Main Street Meth-
odist church, when the members of
this church together with other friends
filled the house to overflowing to
show their appreciation and love
which Mr. and Mrs. Holcombe have
you during their three years stay in
our midst. Mr. and Mrs. Holcombe
received them in their hospitable way.
Rev. Mr. Laughlin, president of the
Ministerial Association of this city,
spoke in behalf of the ministers of the
high esteem with which Rev. Mr. Hol-
combe was held by them, and of
which organization he was secretary.
Rev. Mr. Roof of the Holy Trinity
Lutheran church, made a few very
timely remarks at the conclusion of
which he presented Mr. and Mrs. Hol-
combe with a very beautiful leather
couch as a token of remembrance from
their friends. Following this the
Boy Scouts of America marched in
led by Edward Henton, formed in line
as best they could in the crowd, and
after giving their scout master (Mr.
Holcombe) the salute, they presented
him with a very handsome leather
pocket case, containing many useful
articles. At this point Mr. Holcombe
was so overcome that only after a few
minutes could he recover himself suf-
ficiently to remark, "boys this is the
best yet." Then he continued a few
remarks showing his keen apprecia-
tion of the evidences of the love and
esteem of his people and portraying
how deeply the best interests of his

church had laid on his heart.
Cake and coffee were served and Miss
Belle Taylor, accompanied by Miss
Bessie Larkin, rendered a few beau-
tiful solos.

Everyone present, including host
and hostess, had a most enjoyable
time. At a late hour all departed,
wishing Mr. and Mrs. Holcombe suc-
cess in their new field. Only one re-
gret was felt and that was the depar-
ture of our pastor and family. But
Newark's loss is Zanesville's gain.

On Monday afternoon at the home
of Mrs. Eugene Ball in Clinton street
the first meeting of the Investigators
club was held. The following program
was given:

"Thus we salute thee,
and welcome thee."
Instrumental duet, Joyous Return—
Misses Margaret and Sarah Bennett.
Helpful Hints—Members of the club.
Talk of Library Convention—Mrs.
Charles Allen.
Instrumental solo—Margaret Ben-
nett.
Geography Drill—Mrs. Nevins.
At the close of the program dinner
refreshments were served.

Miss Frances Krebs of Linden ave-
nue, was hostess to a farewell party
in honor of Mary Holcombe, who leaves
for her new home at Zanesville soon.
Many games were indulged in and se-
lections by the little folks on the
piano were enjoyed, after which they
were invited to the dining room to a
sumptuous dinner. The table was
beautifully decorated with red candles
and nasturtians. Miss Mary was pre-
sented with a silver spoon as a remem-
brance of her little playmates. The
guests departed for their various
homes bidding Mary goodbye and
sorrow to lose her from the neighbor-
hood.
Those present were Marie Dodd.

James W. Wilson, the well known
plasterer, has returned from Columbus
where he went to celebrate his sixty-
sixth birthday with his friends. Mr.
Wilson was born in Newark, October
12, 1846, and although he has spent
much of his early life in Zanesville
and Columbus his home has always
been in Newark. November 14th,
1861, he enlisted in the Seventy-sixth
regiment, O. V. I. and saw service in
numerous battles. He was awarded a
handsome souvenir for meritorious
service during the war. He is the
oldest plasterer in Newark that is
still working at the business. He is
also the oldest member of the Fifth
Street Baptist church, having united
with that church in March, 1860.

'S NAPSNOTS BY BARBARA BOYD

The Superior People

HE was little and black-eyed and black-haired, and she first at-
tracted the attention of the crowd of tourists, waiting for coaches,
by literally screaming out, in a high and angry voice, that her
baggage was to go in the carriage with her and not in one of the
large coaches.

And so, much to the discomfort of the other passengers in her car-
riage, suit-cases and bags were piled in.

"She certainly made a spectacle of herself," said some of the tourists,
as her carriage drove off.

"I pity the husband of a woman like that," said another.

At the stop for lunch she further drew the amused attention of the
tourists by dragging her husband into a corner of the general waiting
room, and there berating him.

She seated herself with a founce in a rocking chair and rocked
violently, and tapped the floor with her foot, and shook her head to
emphasize her remarks.

"Absolutely vile arrangements," she said to him, "to be jammed into
these carriages like cattle."

"I shall report the matter," said her husband.

"I hope you will," she replied with a stamp of her foot and a nod
of her head that almost dislocated her hair, "I just hope you will."

Then she fell to muttering, probably saying to herself all the com-
plaints she was going to make.

"The idea of getting people up at such a beastly hour and then making
them sit here and wait," she broke out again.

"A vile arrangement," agreed her husband. "I shall surely report it
and I don't care whose scrap is lost."

Once more she fell to muttering.

"This place looks like a cattle-pen," she broke forth again in a few
minutes, looking around the room. "But ordinary people don't mind it,"

and she glanced scornfully at the crowd of chattering and laughing tourists.

"Can't you possibly get a carriage to ourselves?"

"I've tried my very best," replied her husband, "but it is impossible."

Again she stamped her foot and muttered, "Vile" and "Beastly."

"I just hope you will report such arrangements."

"I certainly shall," I shall let the management know how exceedingly
uncomfortable we have been."

Just then luncheon was announced.

"I shan't be able to eat a thing so soon after breakfast, but I'll go
look at it," she announced, as she made her way to the dining room.

Her amused fellow tourists noted, however, that she did not lag be-
hind the others in eating, though she eyed everything scornfully and made
caustic remarks about the food and service.

And when it was time to go on, she climbed angrily into her carriage,
protested vehemently at having to travel like cattle with the common
herd, announced loudly she was going to report the whole beastly busi-
ness, and, as the driver gathered up his reins and the carriage swung into
line behind the others, she was still heard bitterly complaining at not
having an exclusive conveyance of her own.

And the rest of the tourists probably joined with her in regretting
the fact, not for her sake, but for their own.

For it is very trying to all concerned to travel with superior people.

Daddy's Bedtime Story

How the Children Learned to Love Their Bell

THE school bell was to ring the next day to call Jack and Evelyn back to school.

So when daddy talked of telling them a story about a bell they said for him to make it one about a school bell.

"Because," said Jack, "we shall be hearing the school bell tomorrow."

"Way up in the tower of an old schoolhouse once hung an old bell."

"It could see exactly where every little boy and girl lived."

"When the old man who pulled the rope that sent the clapper clang, clang against its metal sides began his work in the morning, the bell could see the children coming out of their doors and gates, some looking very sad, some looking very cross and only some few looking nice and cheerful."

"He felt very badly because the children disliked him, for he was a kind old bell and wished to be the children's friend."

"One day he said to the clapper: 'Take a rest, old clapper. Perhaps if the children do not hear us speak for awhile they may like us better.'"

"So the clapper managed to crack and break and then fall out of the bell."

"That day, when the old man pulled the rope, the bell did not ring."

"One by one the children came out of their doors and struggled to school."

"Of course everybody was late, and when the teacher told them that she should after that expect them all to be on time even if the school bell did not ring, the children looked sober."

"The next day there were still many late children. You see, the clocks in the town were set by the school bell, and when it did not ring the clocks were sometimes fast, sometimes slow, but seldom all of the same time."

"So, though little Johnny might start for school at ten minutes of 9 by the home clock, or little Mary by five minutes of 9, very often the clock in the schoolhouse would not be the same time, and little Johnny or Mary would be marked late."

"By and by those little boys and girls began to groan and grumble and wish the school bell would ring again."

"And so it did one day, for the old man who pulled the rope brought a man who fixed the clapper into place, and when the voice of the rusty old bell was again heard in the morning the children were delighted."

"Hooraay!" they cried. "If it wasn't for the good old bell we'd be late every day!"

"And the bell was very pleased, for now he knew that the children understood that he really was their friend."

Quarter Century Ago.
(From Advocate Oct. 15, 1887.)
Misses Jennie and Arabella Guy entertained a few friends at their home in Hudson avenue last night.
Mr. and Mrs. Hagye were agreeably surprised by about thirty or forty of their friends calling on them at their new home in Ninth street.
Mr. Fred Jones of O. G. King's store, had his foot badly smashed last night when a heavy iron bar fell on it.
Miss Gregory, agent of the National Circulating Library, who has been here for several days, has gone to Wooster to establish a library.

Fifty Years Ago Today.
Oct. 15.
The European public believed that Russia had joined France and England in their project of intervening in the American war in favor of the south. Advocates of the plan took hope from a recent avowal of W. E. Gladstone that the north could never defeat the south. On the other hand, the new emancipation policy of Lincoln caused many Europeans who were opposed to slavery to oppose intervention.

Twenty-five Years Ago Today.
Talk of financial panic was current in New York.

to the grand jury, bail being fixed at \$50. The affidavit charged that Rehbeck struck Smith with his fist Sept. 28.
Days Old Schoolhouse.
Amos Norman purchased the old Asbury schoolhouse, near Hopewell, at public auction Monday. A new school building has been erected.
Booths Are Painted.
All the portable election booths in the city have been painted a "luscious chocolate brown," a slight improvement over the lead color used originally.
Auto Hits Dog.
A dog was run over by an automobile at Main and Morris streets shortly after noon today. A patrolman from police headquarters shot the animal to end its misery.
Arter Case Dismissed.
Jack Arter, West Newark saloon-keeper, charged with permitting tipping and looting at his place week ago Sunday, was dismissed by Mayor Swartz Monday afternoon after hearing the evidence in the case.
Struck by Auto.
Carl Wheeler was struck by an automobile this afternoon while crossing West Church street. His right knee cap was injured and the leg lacerated.
Paving Nears Completion.
The street paving on Church St. made necessary by the repairs to the street railway tracks, is almost completed. The Ohio Electric section gang is now at work on the last stretch of paving at Sixth and Church streets.

Mrs. Harry Cranston III.
Mrs. Harry Cranston, pianist at the Orpheum theatre, who was taken suddenly ill Saturday night immediately after the second performance continues critically ill at her home in Hudson avenue. Drs. C. F. Legge and Carl J. Dillon are in attendance.
Lexington Coming.
Word has been received by the superintendent of local schools that Superintendent A. B. Lynn and the entire teaching force of Lexington, Ohio, will visit the Newark schools on Friday. This is the second delegation to visit the City Schools this week.
Small Fire Loss.
At about 2:50 this afternoon the hose reel and ladder truck from the Central fire station made a run to 26 Baker street, which is owned by Mrs. Elizabeth Miner caught fire Baker street. A house in the rear from an unknown cause. The flames were extinguished with but a small loss.
Had Foot Crushed.
The ambulance of Criss Brothers and Jones was called to the Baltimore and Ohio round house this morning where T. J. Hassy, who is employed there suffered an injury to his right foot, the member being crushed by a piece of iron. The injured man was hurried to the St. James where Dr. P. H. Cosner was called to attend him.
Contracts for Chestnuts.
Col. "Bill" Gerlach, the original American League booster, who for the past two years has successfully picked the winners of each game in rotation, has returned from his annual pilgrimage to Richmond, Va., where he contracted for fifty bushels of chestnuts and for fifty bushels of chestnuts with fresh and roasted chestnuts from the stand at Third and West Main streets.

SCHIEPPS ON STAND AT BECKER TRIAL
New York, Oct. 15.—Sam Schiepps testified today that Police Lieutenant Becker told slayers of Rosenthal that "everything would be all right." He also told of the paying over of the money for the assault, saying that "We've gave the money to Rose, who handed it to 'Lettie Louise.'"

SUMMER SUGGESTIONS FOR THE MOTHER.
Seasonable Advice on the Health of Children in Hot Weather.
Mothers should be careful not to overfeed children during the hot months. No one requires as much food in summer as they do in cold weather. Serve only the lighter and more easily digested foods, and see that the milk is kept cool and the fruit ripe.
It is quite natural to expect some disturbance, such as constipation, indigestion or summer diarrhoea, often accompanied by a cold. A mild laxative at bed time will, in most cases, carry off the congested waste from the stomach next morning, and by cleaning the bowels restore normal conditions.
Cathartic remedies and purgatives should never be used for children. They are harsh and violent in their action and tend to upset the entire system. The combination of simple laxative herbs with pepsin, known as Dr. Caldwell's Syrup Pepsin, and sold by druggists for fifty cents a bottle, is now very generally used to correct stomach and bowel trouble. It is mild and pleasant to the taste and contains no drastic drug or narcotic, but acts naturally and easily, yet most effectively. A larger bottle containing more than twice the quantity, is sold for one dollar. If you have never used Syrup Pepsin and would like to have a free trial notice, please write to Dr. W. B. Caldwell, 106 Washington St., Monticello, Ill.

AWAY WITH CATARRH A FILTHY DISEASE
A Safe Old-Fashioned Remedy Quickly Relieves All Distressing Symptoms.
If you are subject to frequent colds, or if you have any of the distressing symptoms of catarrh, such as stuffed up feeling in the head, profuse discharge from the nose, sores in the nose, phlegm in the throat causing hawking and spitting, dull pain in the head or ringing in the ears, just anoint the nostrils or rub the throat of chest with a little Ely's Cream Balm, and see how quickly you will get relief.
In a few days you will feel your head clearing and after using the Balm for a day or so the nasty discharge will be checked, the pain, soreness and fever gone and you will no longer be sensitive to yourself and your friends by constantly hawking, sneezing and blowing.
Shake off the grip of catarrh before it impairs your sense of taste, smell and hearing and poisons your whole system. In a short time you can be completely cured of this distressing disease by using Ely's Cream Balm. BE HEALTHY, HAPPY, VIGOROUS

Trembling, Nervous Prostration and That Tired Feeling Vanish After a Treatment of Ambition Pills.

Every run down, weakened, tired out, nervous person in Newark is invited to go to Evans' Drug Store this very day and get a box of WENDELL'S AMBITION PILLS with the distinct understanding that money will be returned if dissatisfied.

Over-indulgence in alcohol or tobacco; over-eating or excesses of any kind mean unstrung nerves. Don't delay. WENDELL'S AMBITION PILLS have only recently been offered to the public, but thousands have regained vigor, ambition and energy by the use of one box.

Get busy and take them for any nervous trouble, weakness, headaches, hysteria, neuralgia, exhausted vitality, sleeplessness, kidney, liver or stomach ailments, and for constipation. They will make anyone feel fine, happy and vigorous in a few days.

CHRISTIAN SCIENTIST MAKES REPLY TO EVANGELIST LYON

(Communicated.) Kindly grant me space to reply to the strictures on Christian Science which appear in the reports of Dr. Lyon's sermons in your issue of September 28th and October 5th.

Christian Science takes antagonistic grounds against the reality of sin and sickness and classifies them as John did in the eighth chapter of John, 4th verse: "Ye are of your father the devil, and lusts of your father ye will do. He was a murderer from the beginning and abode not in the truth, because there is no truth in him. When he speaketh a lie, he speaketh of his own; for he is a liar, and the father of it."

The nothingness of sin becomes apparent as the allness of God is understood. Jesus said, "Ye shall know the truth and the truth shall make you free." John 8. Certainly he meant that the knowledge of truth would free us from those things which are unlike truth. Paul knew that: "Neither death nor life nor angels, nor principalities nor powers" shall be able to separate us from the love of God which is in Christ Jesus our Lord. Romans 8. What words are more explicit than these from Mark 16: "Go ye into all the world and preach the gospel to every creature. And these signs shall follow them that believe: in my name, shall they cast out devils; they shall speak with new tongues; they shall take up serpents; and if they drink any deadly thing, it shall not hurt them; they shall lay hands on the sick and they shall recover."

Christian Science teaches that the followers of Jesus Christ are under as direct orders now as aforetime to preach the gospel and to heal sin and sickness and that signs do follow the demonstrations of Christian Science is proven by the joyful testimony of those who have been freed from sickness and sin.

At this time it is hardly necessary to defend the healing powers of Christian Science for in every community can be found living testimonies of the power of this Science to heal all manner of disease. The opening paragraph of Science and Health defines the healing prayer and is as follows: "The prayer that reforms the sinner and heals the sick is an ab-

solute faith that all things are possible to God;—a spiritual understanding of Him, an unselfed love." It is not only a prayer of faith, but of understanding; a prayer for that mind to be in us which was also in Christ Jesus; a prayer of "Thy will, O Lord, not mine"; it is the prayer of realization that because God is All, only those things which partake of the nature of God are real and eternal and, therefore, that sin, sickness and discord are not part of God's will, that he does not work through evil to bring forth good, but that His way is the way of Life and Truth which way was exemplified in the words and the works of the Master, Jesus of Nazareth, who taught men to know God aright and who proved by his deeds that the right prayer heals sin and sickness. Paul prayed aright when he healed the viper's sting. Peter prayed aright when he healed the man lame from his mother's womb at the Gate Beautiful.

Christian Scientists do not pray to God to change His law, but pray to come into an understanding of the Truth which sets them free from those things which are unlike God. The same law which was operative in the time of Jesus, the law through which He healed and taught His followers to use, is operative today, and it is this law which Mrs. Eddy has given to the world and through the understanding and demonstration of this law of the Spirit of Life in Christ Jesus, thousands are freed from the bondage of sickness and sin.

A Log on the Track
Of the fast express means serious trouble ahead if not removed, so does loss of appetite. It means lack of vitality, loss of strength and nerve weakness. If appetite fails, take Electric Bitters quickly to overcome the cause by toning up the stomach and curing the indigestion. Michael Hessheimer of Lincoln Neb., had been sick over three years, but six bottles of Electric Bitters put him right on his feet again. They have helped thousands. They give pure blood, strong nerves, good digestion. Only 50c at F. D. Hall's.

ELECT BOARD OF DIRECTORS FOR COAL COMPANY

On Saturday the stockholders of the Hemlock Coal company, which holds valuable coal lands in Perry county, met in this city in the office of Attorney J. M. Swartz.

The meeting was held for the purpose of electing a board of directors to wind up the affairs of the Hemlock Coal company.

In 1911 Cliff Sturgeon of this city, bought 1463 of the 1500 shares of the company under a contract to deliver the stock to N. C. L. Kachelmacher of Columbus, at a certain price. Before the completion of the contract Mr. Sturgeon died and the probate court of Licking county authorized Mrs. Sturgeon to complete the contract and deliver the stock.

At the present time Mr. Kachelmacher owns 1459 shares of the stock of the Hemlock Coal company.

In 1911 the directors and officers of the company resigned and until the recent meeting there has been no meeting. The meeting on Saturday was called for the election of directors in the place of those resigned.

Mr. Kachelmacher is the moving spirit in a new company, called The Hemlock Coal company, which will probably buy up the holdings of the Hemlock Coal company when the affairs of the latter concern are ended.

The property of the Hemlock Coal company consists of 1,629 acres of coal land in Perry county underlaid with coal deposits, a portion of which was mined some years ago by the Sunday Creek Coal company. For years no active work has been done in the southern part of the holdings on account of faults.

It was impossible to secure a full list of the newly elected directors of the Hemlock Coal company, but among them are N. C. L. Kachelmacher of Columbus, W. E. Pomerene of Columbus and Charles Donahue of New Lexington.

It acts on Stomach, Liver, Kidneys and Bladder all at once and brings long prayed for comfort to distressed people—only 50 cents at Evans' Drug Store and money back if it isn't as advertised.

FANATIC SHOTS CLEVELAND MAN

Cleveland, Oct. 15.—Charles Brown, a Roosevelt supporter, was shot in the hip late last night by a fanatic who was celebrating the shooting of Colonel Roosevelt.

Brown had just purchased a newspaper from a newsboy, when a man standing a few feet distant drew a revolver, and, shouting "Hurrah," fired two shots, one of which struck Brown. Brown collapsed and his assailant managed to escape in the crowd that gathered.

LICKING COUNTY TO BE REPRESENTED AT EISTEDDFOD

Bert G. Jones, one of the patrons of music in Columbus, will visit Newark and Granville in the near future to arouse enthusiasm in the competitive event to be held in the Capital City by the Ohio Eisteddfod Association and will endeavor to have a delegation of singers representing Licking county enter in the chorus competitions.

Pittsburg, Steubenville and Canton are the latest cities to send word that they will be represented in the annual event. Columbus musicians also have come forward with the assurance that four or five children's choruses and a male chorus will be entered from that city.

Efforts have been made to get

Chicago and Milwaukee to send musical organizations to Columbus and it is possible that these two cities may do so. A male chorus will represent Steubenville at the eisteddfod. Pittsburgh are arranging to send a large male chorus from that city. While at Canton a woman's chorus, pasted on tube, to any address up the New York World, Park Row, New York City. Send for this masterpiece today and see what Gov. Wilson really looks like.

There Are Two Good Reason Why We Should Have Your Business.

FIRST—Our association is not established for profit but for the mutual benefit of its members. Its earnings after actual expenses are paid are divided pro-rata among its members.

SECOND—We protect our members savings by only loaning money on real estate after the property has been inspected by three members of our board of directors and has been approved by the Board. As a further precaution after the property has been appraised at its actual valuation only two-thirds of the amount is loaned to take care of any possible shrinkage.

HEARING BAD?
S. NODNOA

CHILDREN LOVE SYRUP OF FIGS

Sweetens Their Stomachs and Cleans the Liver and Waste-Clogged Bowels Without Gripping

Every mother immediately realizes after giving her child delicious Syrup of Figs that this is the ideal laxative and physic for the children. Nothing else regulates the little one's stomach, liver and bowels so gently and so promptly as this deliciously flavored Syrup of Figs.

If your child isn't feeling well; resting nicely; eating regularly and acting naturally it is a sure sign that its little insides need a gentle, thorough cleansing at once.

When cross, irritable, feverish, stomach sour, breath bad or your little one has stomach-ache, diarrhea, sore throat, full of cold, tongue coated; give a tea-spoonful of Syrup of Figs and in a few hours all the foul, constipated, clogged up waste, undigested food and sour bile will gently move on and out of its little bowels without nausea, griping or weakness and you will surely have a well, happy and smiling child again shortly.

With Syrup of Figs you are not drugging your children, being composed entirely of luscious figs, senna and aromatics. It cannot be harmful.

Mothers should always keep Syrup of Figs handy. It is the only stomach, liver and bowel cleanser and regulator needed—a little given today will save a sick child tomorrow.

Full directions for children of all ages and grown-ups plainly printed on the package.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious, tasteful, genuine old reliable. Refuse anything else offered.

HE FIRED THE FIRST SHOT IN BALKAN WAR

There's something old, fashioned in those Montenegrins. They seem to think that royalty should take an active part in the country's wars. It was Prince Peter, the youngest son of King Nicholas of Montenegro, who fired the first shot in the war against Turkey. His father is leading the Montenegrin forces in person. This is the first time a European monarch has led his armies in the field in over a century and a half.

HIGH LIVING AND POOR NOURISHMENT

When your food does not nourish you, the blood is thin or impure. Unless the blood is pure, assimilation, the final step of digestion, is imperfectly done and the body poorly nourished. Every day's lack of nourishment because of thin or impure blood is seen in children, who eat almost continually yet do not grow; in convalescents from the grip, fever, or some other serious disease, who remain pale, weak and debilitated; in persons who are run down through overwork or worry and are unable to get back their strength. Before the body can be properly nourished, the blood must first be cleansed, built up and made fit to work. Dr. Williams' Pink Pills for Pale People will do this more quickly and effectively than any other medicine. They contain the very elements which the thin blood lacks. Not only do they strengthen the stomach but they build up the blood so that it gets full nourishment from the food.

Mrs. Jennie Temple, of No. 196 North Main street, Fond du Lac, Wis., says: "I was a great sufferer from stomach trouble, caused by overwork, for about two years. My appetite was very poor and I could not eat much of anything. No matter what I ate, my stomach became sour and gas would form on it, causing shortness of breath and affecting my heart. I had to diet and eat only the lightest food. For months I did not know what a good night's rest meant. I had frequent dizzy spells and would faint at the least excitement. My head ached almost continually and my heart action was slow and irregular. I was weak and thin in every way was extremely wretched."

"I had begun to despair of getting well until I gave Dr. Williams' Pink Pills a trial. Before I had taken the pills a month I felt much better, both mentally and physically. My nerves became stronger, my heart action was more steady and the distressing symptoms were lessened. My appetite increased and I soon became well and strong. Since using the pills I have regained my weight. I can truthfully say that I thank Dr. Williams' Pink Pills for the very best medicine any person suffering as I did, can take."

Send today for the free booklet, "What to Eat and How to Eat." Dr. Williams' Pink Pills are sold by all druggists or will be sent, postpaid, on receipt of price, 50c. per box; or \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

REPUBLICANS' BEST ARGUMENT

It Is the Prosperity Issue and Has Been Used Before.

OTHER CAMPAIGNS RECALLED

Progressives Are Circulating Roosevelt and Dixon Statements Made Before the Clapp Committee—Slayden's Presence in Washington Indication of Something Doing in Mexico.

By ARTHUR W. DUNN.

Washington, Oct. 15.—[Special.]—The best argument which the Republicans are putting forward during the present campaign is the prosperity issues, good times and warning the people that the way to continue conditions as they are at present is to keep the administration in power. It is having effect, too, according to reports from various parts of the country.

But there are many men who remember a similar state of things twenty years ago. Harrison was a candidate for re-election. His friends pointed to the prosperity of the country, to the good times, etc., and many of them firmly believed that Harrison would be re-elected. Yet the result was such a sweep as had not happened since Grant defeated Greeley in 1872. But, be it remembered, half of the voters have come into existence since that time, and they are not voting on what occurred a score of years ago.

Several Conditions Different.

It is well to remember in making calculations, however, that while President Taft is opposed by a former member of the Republican party running independent there are several different conditions now from those which existed in the Harrison-Cleveland campaign.

The great Homestead strike had alienated workmen as nothing else could. The Harrison administration, through the Indian office, had grievously offended the Catholic church, and that great religious organization was opposed to him. There were echoes of the McKinley bill ringing throughout the land, but that is something like the same cry about the tariff and the high cost of living now. Altogether the campaigns are much different.

Two Progressive Arguments.

While it is true that the Clapp committee did not get very much information from either Colonel Roosevelt or Senator Dixon regarding campaign funds, it spread upon the government records two excellent campaign addresses for the Progressive cause. Answering every question, Senator Dixon pointed out what a great uprising there had been for Roosevelt throughout the country, while the colonel simply extended his views and made a very excellent campaign speech.

The Progressives are now circulating Dixon and Roosevelt among the voters under the franking privilege, their talks in the Record having been made frankable by being printed as a government document.

Something Doing in Mexico.

The impression was created in Washington the other day that there must be something doing in Mexico. This was caused by the presence of Congressman James Slayden of the San Antonio district. When this tall Texan is seen in the vicinity of the state or war department it is a good guess that there are movements of importance just across the southern border. Slayden watches Mexican affairs closely.

A Nervy Republican.

"I have got to go back home," remarked Congressman Slayden. "I must look after affairs in the San Antonio district. They have had the presumption to nominate a Republican against me, and I am going down there to see what it means."

And his listeners marveled. The idea of any man running against a Democrat in Texas is cause for laughter. Years ago a Republican was elected from the Galveston district, but that was one of those freaks of politics that we sometimes see. Most of the Texas Democrats are immune so far as Republican opponents are concerned.

May Get a Few Trusts.

Attorney General Wickersham having had a pleasant summer vacation, is reported to have returned to Washington for the purpose of battling a few trusts over the fence. Wickersham seems to have fooled all those who predicted that he was not to do anything which would hurt the big combinations. One thing that started a movement against President Taft was because there had been such vigorous prosecution of the trusts, but the opposition took a turn which the trusts were not anxious to follow.

Why the Lawyers?

Ormsby McHarg told the Clapp committee that the money he spent for Roosevelt in the south was among the lawyers. Now, just why should the lawyers have been selected? My own idea is that McHarg being a lawyer himself just naturally drifted toward the legal profession when he was in search of Roosevelt delegates in the south. Besides many of those contests had to be conducted in a manner to have no legal irregularities when they came before the national committee.

The one particular brand of love that isn't blind is self-love.

A TEN CENT BOX OF "CASCARETS"

Insures You For Months Against a Sick Headache, Biliousness, Constipation or a Bad Stomach.

Put aside—just once—the Salts, Cathartic Pills, Castor Oils or purgative waters which merely force a passage through the bowels, but do not thoroughly cleanse, freshen and purify these drainage or alimentary organs, and have no effect whatever upon the liver and stomach.

Keep your inside organs pure and fresh with Cascarets, which thoroughly cleanse the stomach, remove the undigested, sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the intestines and bowels.

A Cascaret tonight will make you feel great by morning. They work while you sleep—never grip, sicken and cost only 10 cents a box from your druggist. Millions of men and women take a Cascaret now and then and never have headache, biliousness, comeled tongue, indigestion, Sour Stomach or Constipated Bowels. Cascarets belong in every household. Children just love to take them.

WILL TALK OF THE CHRISTIAN SOLDIER TONIGHT

Nearly a hundred men attended the noon-day luncheon for business men at the First Presbyterian church this noon, participating in the good things prepared by the ladies of the Plymouth Congregational church and the words of Christian counsel by Dr. Lyon. The dinner marked the opening of the second week of business men's luncheons and the interest manifested is prophetic of great things before the campaign is over.

Dr. Lyon's talk today was on "The Good Samaritan," an address which appealed particularly to the members of Newark lodges. It was a sermon in tablet form, and the dose was sufficiently strong to bring about a great revival of feeling if taken according to directions. The spirit of the priest and the Levite. Dr. Lyon said, is too evident in our churches and our fraternal orders. Members of a church organization look with approval on other members of their own creed; members of one fraternal order will do all in their power for their own brothers, but are apt to overlook the necessities of the men who belong to other orders. The placing of Christ first in the lives of men, and the consideration of all men as worthy of our affection and aid, will do away with the spirit of the priest and the Levite, and bring us all to a recognition that we too, may be the Good Samaritans of this world, going up and down, trying to do good unto all with whom we come in contact.

"The Christian Soldier." A splendid noon meeting was held at the B. & O. shops at 12:20 o'clock by Judge Holloway and a number of assistants. The meeting was attended by nearly 200 men, who accorded the speakers and singers their most cordial attention, reverently joining in the songs and hearing the true message of Christ's gospel with an interest that was greater than anticipated.

The meeting at the tabernacle tonight will be one of the most interesting of the entire campaign. Dr. Lyon will address his audience upon "The Christian Soldier," carrying too them a message of strength and opportunity that reveals the wonderful possibilities of the Christian life. Mrs. Grace Powell will sing at this meeting.

It was intended that the employees of the Buckeye Rolling Mill should attend tonight's meeting, but unforeseen circumstances will prevent this and Dr. Lyon will deliver an address to these men tomorrow evening. Arrangements have also been started for the entertainment of the members of the local G. A. R. during the coming week, probably on Saturday evening, although no date has yet been decided upon.

Business Girls' Supper. The supper for the business girls of Newark at Plymouth Congregational church tomorrow evening is to be "absolutely free" to all wishing to attend. Any girl in a Newark shop, office or store will be welcome at the great supper that is being planned, after which the girls will attend the tabernacle service in a body.

AUTO PATROL GIVING GOOD SATISFACTION

Newark's automobile patrol wagon was put into commission Saturday evening and came in mighty handy to the department. The officials feel a deep gratitude toward the Blair Auto Truck Company, for the courtesy in helping them out of an embarrassing situation. It was about 6 o'clock when the big truck backed into the patrol station in Fourth street. During the first twelve hours, the machine made eight trips, traveling 26 miles. While the machine is in use the safety director, Wayne Collier, will endeavor to keep a record of the expense of up-keep for comparison with the expense account of the horse drawn vehicle. According to records kept at headquarters, it costs the city about 70 cents per mile to maintain the horse drawn vehicle.

The work done Saturday night, when six calls were answered, a total distance of 26 miles is not a big night's work. Sometimes in the 36 hours between Saturday night and Monday morning, from 20 to 30 calls are made. When it is considered that many of these calls come close together, affording the horses little opportunity for rest, it is a little wonder that the horses are now nearly useless after about six years' service.

According to the statement of an automobile owner the cost of up-keep for the average automobile is not more than 10 to 12 cents per mile. If the experience of the police department would bear out this claim, there would be a vast saving in the course of a year.

The wagon now in use is a clumsy looking affair mounted on the automobile truck, but the same chassis could be used in conjunction with the present body by changing the method of mounting in a few details. This was impossible on short notice, but if the department should decide to adopt the motor vehicle the changes could be made.

The rear steps would be changed, making it possible to set the old wagon body lower on the truck chassis, making it a better appearing vehicle all around. All the department officials are well pleased with the short experience with the motor driven vehicle. While a thorough test has not been made the experiment has gone far enough to convince them that the change would be an advantageous one.

The horse, whose illness made it necessary to adopt the motor vehicle, is slightly improved, but it will be several days yet before it will be able to be placed back in the service.

Safety Director Collier finds it difficult to hire a horse to take the place of a disabled one, as horse owners don't care to have their live stock subjected to the hard and continuous work necessary of horses in the police service.

BLAMES FAST RUN FOR THE TROUBLE

Frank Zahner, whose horse was killed after being run over by the automobile patrol wagon of Sixth and Wilson streets Sunday, states that the police wagon was moving about 25 to 30 miles per hour at the time of the accident. Mr. Zahner states that he was not driving at a high rate of speed and that he heard no warning signal given by the patrol wagon driver.

E. W. Proctor, J. J. Dand, E. C. Legee and S. J. Kling, eye witnesses to the accident, have signed a statement exculpating Mr. Zahner, and blaming the high rate of speed at which the patrol was traveling as the cause of the trouble.

how much time is lost through needless hand adjustments on the ordinary machines?

Do you realize, for example, how much time is lost in ordinary letter writing by the hand adjustments of the carriage necessary to write the date, the address, indent the paragraphs, write "yours truly" and address the envelopes?

THE COLUMN SELECTOR of the Model 10 REMINGTON eliminates these hand adjustments—absolutely. A single touch on one of the SELECTOR KEYS brings the carriage instantly to the exact point on every line where the writing is to be done.

And this is only one of the many labor-saving features of the

ROOSEVELT

(Continued from page 2.)

his expression for the wound.

Dr. Scurry Terrell, the colonel's personal physician, and Dr. R. G. Sayle of the Milwaukee Emergency Hospital, were in constant attendance. Dr. Terrell said that the bullet was deeply imbedded in the thick layer of flesh over the colonel's curly chest.

Milwaukee, Oct. 15.—Colonel Theodore Roosevelt was shot in the left breast by a man last night, as he was leaving the Gilpatrick Hotel for the Auditorium to make a speech.

Despite the wound, the colonel went to the hall and began his speech, after he had seen the assassin arrested and taken to the police station.

There the man, after an hour's questioning, said he is John Schrenk of 370 East Tenth street, New York.

Roosevelt, at the conclusion of his speech, was taken to the Emergency Hospital.

There six physicians examined Colonel Roosevelt's wound. They found it impossible to determine the depth to which the bullet had penetrated, and it was decided to take an X-ray photograph.

Henry F. Cochems seized the man and held him until policemen came up. A mob surged around the prisoner, who apparently is mentally upset on the subject of Roosevelt's running for another term as president.

The man, who is small of stature, admitted firing the shot and said that "any man looking for a third term ought to be shot."

The colonel asked to have the man brought to him, and when the would-be assassin was asked why he fired the shot no reply was offered.

Colonel Roosevelt stood up in his carriage and waved the crowd away when he started for the Auditorium.

It is said that the colonel put his right hand underneath his coat and over his left breast.

The man who is said to have fired the shot was whisked away in an automobile patrol wagon and landed in the central station.

The five hundred people followed the patrol wagon, eager to get at the man who did the shooting.

The weapon used is said to have been a .32-caliber revolver.

The man had on his person a copy of the colonel's itinerary, written on a sheet of note paper taken from the Bismarck Hotel and Cafe, Nashville, Tenn.

It is said Roosevelt felt no pain at the time the shot was fired and was not aware that he was shot until he was on the way to the Auditorium.

A hole in his overcoat, and he found that his shirt was soaked with blood. He insisted that he was not hurt badly. A superficial examination of the wound was made when he arrived at the Auditorium, and three physicians then said that he was in no immediate danger.

The shooting took place in the street in front of the Hotel Gilpatrick.

Colonel Roosevelt reached Milwaukee shortly after 5 o'clock and making his way through the crowd that had gathered at the station, entered an automobile and was driven to the hotel. He took dinner in a private dining room on the main floor with the members of the party on his private car.

After dinner, Colonel Roosevelt went to his room on the second floor of the hotel, and shortly before 8 o'clock he started for the Auditorium.

His automobile stood in front of the door and about it was a big crowd, waiting to catch a glimpse of the colonel as he started off.

With the colonel were Philip Roosevelt, a young cousin, Mr. Cochems, Mr. Martin and Captain Girard.

The crowd was pressed close about the colonel and gave a cheer as he appeared. As the party approached the automobile, Colonel Roosevelt's companions stood aside and he stepped into the car, Martin entering directly behind him, and sat on the further side of the car.

Colonel Roosevelt stood up, waving his hat in answer to the cheers of the crowd. The assassin was standing in the crowd, a few feet from the automobile. He pushed his way to the side of the car, and raising his gun, fired.

Martin caught the flash and leaped over the car a second after the bullet sped on its way.

Colonel Roosevelt barely moved as the shot was fired. Before the crowd knew what had happened, Martin, who is six feet tall and a former football player, had landed squarely on the assassin's shoulders and had borne him to the ground. He threw his right arm around the man's neck with a death-like grip and with his left arm seized the hand that held the revolver. In another second he had disarmed him.

Colonel Roosevelt stood calmly looking on, as though nothing had happened. Martin picked the man up as though he were a child and carried him the feet which separated them from the car, almost up to the side of the colonel.

"Here he is," said Martin, "look at him, colonel."

All this happened within a few seconds and Colonel Roosevelt stood gazing rather curiously at the man who attempted his life, before the stunned crowd realized what was going on. Then a howl of rage went up.

"Lynch him! Kill him!" cried a hundred men. The crowd pressed in on them and Martin and Captain Girard, who had followed Martin over the side of the automobile, were caught with their prisoner in the midst of a struggling throng of maddened men. It seemed for the moment that he would be torn in pieces by the infuriated men, and it was Colonel Roosevelt himself who intervened on his behalf.

Roosevelt raised his hand and motioned to the crowd to fall back. "Stop! stop!" he cried. "Stand back; don't hurt him."

The men in the crowd at first were not disposed to heed his words, but at length fell back and permitted Martin and Captain Girard to carry the man into the hotel. After

a short struggle, the assassin gave up and was carried without resistance out of the reach of the crowd.

"Are you hurt, colonel?" a hundred voices called out.

"Oh, no," he responded with a smile. "Missed me that time. I'm not hurt a bit."

"I think we'd better be going on," he said to the other members of his party, "or we will be late."

No one in the party, including Colonel Roosevelt himself, entertained the slightest notion the colonel had been shot. He felt no shock or pain at the time, and it was assumed that the bullet went wild. As soon as Colonel Roosevelt had assured himself that the assassin was safe in the hands of the police, he gave orders to drive on to the Auditorium.

They had hardly driven one of the four blocs from the hotel to the Auditorium when John McGrath, another of Colonel Roosevelt's secretaries, uttered a sharp exclamation and pointed to the colonel's breast.

"Look, colonel," he said, "there is a hole in your overcoat."

Colonel Roosevelt looked down, saw the hole, then unbuttoned the big brown army coat which he was wearing and thrust his hand beneath it. When he withdrew it his fingers were stained with blood.

Colonel Roosevelt was not at all dismayed by his discovery.

"It looks as though I had been hit," he said, "but I don't think it is anything serious."

Dr. Scurry Terrell of Dallas, Tex., Colonel Roosevelt's physician, who had entered the automobile just before it started off, insisted that the colonel return to the hotel. He would not hear of it, however, and the car was driven on to the Auditorium.

As soon as they reached the building Colonel Roosevelt was taken into a dressing room and his outer garments were removed. Dr. Terrell, with the help of Dr. John Stratton of Milwaukee and Dr. S. S. Sorenson of Racine, Wis., who were in the audience and came to the dressing room on a call from the platform, made a superficial examination of the wound. They agreed that it was impossible to hazard a guess as to the extent of the colonel's injuries, and that he should by all means go at once to a hospital.

"I will deliver this speech or die, one or the other," was Colonel Roosevelt's reply.

Despite the protests of his physicians, the colonel strode out of the dressing room and onto the stage. A large crowd, packed into the big building, cheered loudly as he entered, and without a word to indicate what had happened, went to his seat. For several minutes the crowd, no man of whom suspected that the colonel bore a bullet in his body, kept up its cheering.

Then Mr. Cochems stepped to the front of the platform and held up his hand. There was something in his manner which had its effect upon the crowd and the cheering died suddenly away.

"I have something to tell you," said Mr. Cochems, "and I hope you will receive the news with calmness."

Cochems' voice shook as he spoke and a death-like stillness settled over the throng.

"Colonel Roosevelt has been shot. He is wounded." He spoke in a low tone, but such was the stillness that everyone heard him. A cry of astonishment and horror went up from the crowd, which was thrown into confusion in an instant. Mr. Cochems turned and looked inquiringly at Colonel Roosevelt. "Tell us, are you hurt?"

Men and women shouted wildly. Some of them rose from their seats and rushed forward to look more closely at the colonel.

Colonel Roosevelt arose and walked to the edge of the platform to quiet the crowd. He raised his hand and instantly there was silence.

"It's true," he said. Then slowly he unbuttoned his coat and placed his hand on his breast. Those in the front of the crowd could catch a sight of the blood stained garment.

"I'm going to ask you to be very quiet," said Colonel Roosevelt, "and please excuse me from making you a very long speech; I'll do the best I can, but you see, there is a bullet in my body. But it's nothing. I'm not hurt badly."

A sigh of relief went up from the crowd and then an outburst of tumultuous cheering. Thoroughly reassured by the colonel's action that he was in no serious danger, the people settled into their seats to hear his speech.

Colonel Roosevelt began to speak in a firm voice, somewhat lower than its usual tone, and except that his characteristic gestures were less emphatic than usual, there was nothing about the man to indicate his condition. After he had been speaking a few minutes, however, his voice sank somewhat and he seemed to stand rather unsteadily.

Dr. Terrell and Col. Lyon stepped up to him and the doctor insisted that he stop.

"I'm going to finish this speech," said the colonel emphatically. "I'm all right; let me alone."

Dr. Terrell and Colonel Lyon sat down again. The colonel continued his speech, evidently with increasing effort, but he succeeded in making himself heard and talked more than an hour. Then he was rushed to his automobile and flashed through the streets to the Emergency Hospital.

The operating room had been placed in readiness to receive Col. Roosevelt and six of the leading

WISCONSIN WOMAN'S FORTUNE

Freed From Pain, Weakness, Terrible Backache and Dispair by Lydia E. Pinkham's Compound.

Coloma, Wis.—"For three years I was troubled with female weakness, irregularities, backache and bearing down pains. I saw an advertisement of Lydia E. Pinkham's Vegetable Compound and decided to try it. After taking several bottles I found it was helping me, and I must say that I am perfectly well now and cannot thank you enough for what Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. JOHN WENTLAND, R.F.D., No. 3, Box 60, Coloma, Wis.

Women who are suffering from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

There are probably hundreds of thousands, perhaps millions of women in the United States who have been benefited by this famous old remedy, which was produced from roots and herbs over 30 years ago by a woman to relieve woman's suffering. If you are sick and need such a medicine, why don't you try it?

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

TETROLA

Instantly Cleans Laces, KM Gloves, Silk and Other Fabrics Without Injury to Colors.

Cleaning fluids that catch fire and burn are dangerous to life and property. TETROLA, the new discovery, cannot catch fire—that's one reason why it is better than gasoline, naphtha, benzine or turpentine. There are other reasons; it has no disagreeable odor—it evaporates quickly—a garment can be worn an hour after being cleaned with TETROLA.

It is more economical, because a little TETROLA goes a long way—use it for grease and other spots, for varnish, paint and pitch spots, or to clean garments of any kind.

Two sizes—25 cents, 50 cents. All druggists.

MARCH OF SEVEN THOUSAND OF HOLY NAME SOCIETIES

Columbus, Oct. 15.—Without music and in perfect silence 7,000 members of the Holy Name societies of the Roman Catholic church paraded the downtown streets of Columbus on Sunday as a protest against the use of profanity.

In the yard of the cathedral the 7,000 stood with bared heads and repeated in unison the oath of the Holy Name society:

"I promise never to pronounce the name of God without respect."

"I promise to avoid blasphemy, perjury and indecent language."

"I promise to promote by word and example, reverence for the holy name of God and obedience to his holy law."

Following this the Reverend L. F. Kearney of Zanesville, delivered a masterful sermon on the sins of indifference.

Had Tuberculosis of Glands; Now Well

If you are a sufferer from Glandular Tuberculosis, or know anyone so afflicted, it might be well to investigate this case. A writer declares after a year of suffering he had permanent relief and full recovery to health by using Eckman's Alternative, a medicine which has been effective in many cases of Tuberculosis.

201 Leiston St., Phila., Pa. "Gentlemen:—In March, 1902, I was taken sick and my doctor pronounced my case 'Tuberculosis of the Glands.' Medical treatment did not help me, and on my doctor's advice I went to a hospital to be operated upon, but relief was only temporary. After strength, and at times would have died of great fever. In April, 1910, I returned to the hospital, but the continued operations were not benefiting me.

"In the meantime, a friend of mine advised Eckman's Alternative, saying it was good for Tuberculosis. The wounds in my back were still open, and in a fortnight condition when I started to take it. After using two bottles, I found I was improving, gaining weight, could eat, and was able to sleep. I continued using it until I was well, which was in November, 1910. Before I took the medicine, I had three hemorrhages; since I have been taking it, I have not had any. On November 11, 1910, I started to work, and since that time I have not lost one day's work through sickness. I can highly recommend Eckman's Alternative to anyone who is suffering from Tuberculosis of Gland Tissues. Providing they take it as directed. I will gladly correspond with any party desiring further information of what the medicine did for me."

(Screened by) JOSEPH R. WHITE, Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in upbuilding the system, does not contain poisons, nor habit-forming drugs. Ask for booklet telling of recoveries and write to Eckman Laboratory, Philadelphia, Pa., for evidence. For sale by all leading druggists in Newark.

MISS LEORA KEMP.

Miss Leora Kemp, colored, aged 18 years, daughter of Mrs. Helen Stokes of Youngstown, O., died at 9:30 Monday night at the Sanitarium, after a three days' illness. Miss Kemp came to Newark about three months ago and was visiting at 22 East St. when she was taken ill. She was removed to the Sanitarium for treatment.

Besides her mother, she is survived by one brother and two sisters. The body will be shipped to Youngstown Wednesday morning, no services being conducted here.

A HAPPY HUSBAND.

"Our house used to smell soapy and steamy wash days," says a well-known man, "but since my wife began buying Easy Task laundry soap, there is no more of that. I've investigated that soap and find it is made of purest coconut oil, cleanest tallow, borax and naphtha, and that it not only cleans, but antiseptics clothes, cooking vessels and everything else washed with it. We tried it first by buying two cakes for ten cents, with the understanding that our money would be refunded if it didn't make good. Of course, it made good."
